

Accessing your training on Teach Up

Your organization has given you a training course. Here is how to create your account and get started in a few minutes.

1 Open the email from Teach Up

You receive an email from **noreply@teachup.com**: « A new activity (or more) awaits you in your Teach Up learner space! ». Click the name of the course.

No email? Check your junk mail folder.

2 Create your account

The « Finalize the opening of your account » page opens, with your email address already filled in. Enter your **first name** and **last name**, choose a **password** (rules shown below the field), tick the two required boxes, then click « **Finalize my account** ».

Always use the link in the email: until your account is created, no password works.

FINALIZE THE OPENING OF YOUR ACCOUNT

First name*

Léa

Last name*

Martin

Email*

lea.martin@exemple.fr

Password*

.....

Your password must be at least:

- 8 characters
- 1 uppercase and 1 lowercase letter
- 1 special character ⓘ
- 1 number

☐ I accept Teach Up's terms and conditions of use*

[Download](#)

☐ I accept Teach Up's privacy policy*

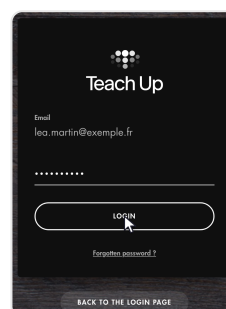

[Download](#)

☐ I authorize Teach Up to analyze my usage data to improve the development of new features

[FINALIZE MY ACCOUNT](#)

3 Log in next time

Come back through the link in the email or at **app.teachup.com/learner**. Enter your **email**, click « **Continue** », then enter your **password** and click « **Login** ».

Tip: always use the same email address, the one at which you received the link. Keep your password somewhere safe.

If you get stuck

- **Forgotten password:** on the login page, click « Forgotten password ? ». The link you receive by email is valid for one hour.
- **Username or password invalid:** if you have never created your account, go back to the link in the email; otherwise, use « Forgotten password ? ».
- **No email received:** check your junk mail folder, then contact the person below.
